Approved Abbreviations List

The following list of abbreviations is intended to show and explain some commonly encountered abbreviations used in the Breath Alcohol Testing Program for the Pasadena Police Department. The list is not intended to be all inclusive, so it may be possible that an abbreviation not on this list may appear in some documents. The use of an unapproved abbreviation does not invalidate the document since the context and interpretation of the abbreviation should be reasonably clear. Any omitted abbreviations should be added to the list as soon as reasonably possible.
