

Amendment– Notice of 2017 Tax Year Proposed Property Tax Rate for City of Pasadena

The City of Pasadena, Texas initially proposed a property tax rate for the 2017 tax year of \$0.584259/\$100. This proposed tax rate was a 1.54% increase when compared to the 2016 tax year of \$0.575388 / \$100 value.

After taking into consideration the opinions expressed at the two public hearings on this matter, and given the disaster caused by Hurricane Harvey, it is being proposed that the City of Pasadena adopt the same property tax rate as the previous 2016 tax year (FY17) of \$0.575388/\$100 value.
